A schematic diagram of a vertical assembly. At the top is a cylindrical component with a flange. Below it is a rectangular component labeled '1'. A vertical line passes through the center of the assembly. A circular disk is positioned below component '1'. A cable or wire is attached to the disk and extends downwards, passing through two points labeled '3'. The cable ends in a small loop at the bottom. A large oval shape is at the very bottom of the diagram.

Die Teile, die nicht in der Tabelle aufgeführt sind, dürfen nur von der Firma Linea Light Srl ausgewechselt werden.
